TRANSPORTATION INFORMATION

The nearest major Airport is Portland International. Air Taxi service is available between Portland and Newport for ~\$75-\$99 1-way through www.skytaxi.com, or 1-800-sky-taxi. If interested in using this service, identify yourself as a Coastal America Retreat Participant. The skytaxi group will arrange the flight schedule to accommodate the maximum number of passengers based on when people arrive in Portland, and when they will depart Newport. This will reduce the total costs, and is cheaper than a rental car.

Rental cars would be an alternate option, however, Newport is a 3-hour drive from the Portland Airport, and if you are taking the field trip to Medford/Grants Pass, you would need to be prepared to schedule either a 1-way rental to Newport or Medford, or you would need to make arrangements to return the car to Portland from the Medford area (approximately 5 hours). GOV Rental Rates are from \$185 -\$250/ week.

You likely will not need a rental car in Newport. It is a small community, and our days will be full. There will be several local GOVs available in the evenings for small groups to go exploring/dining etc.
